

Hanging's the only thing they understand: it seems that parking on the Broadway after 5 is still a capital offence.

ALARUMS AND EXCURSIONS

Anti-social car alarms are beyond the jurisdiction of the Council's Noise Nuisance officers [020 8348 3148]. But our own beat officers can help by identifying the address of the owner and getting him/her to do something about it. If they are on duty PCs Allan Greig and Paul Lancaster can be contacted by mobile [07760 170 127] or you can call 07709 521 025 for PCSOs Vikki Webster, Cathy Tucker and Emma Martin, who did a good job recently on a maverick blue car with golden wheels.

Those cell-phone numbers would also be worth a call if you are visited by the Pencil and Paper Ladies from the mainland Sub-Continent known as "Eastern Europe". Their modus

op is to ring your bell and say they want to leave a note for the people next door: can they borrow a pencil and some paper? While you go and rummage around in your escritoire they help themselves to the Old Masters and Georgian silver. So Be Prepared; and don't forget the terrorist hotline number: 0800 789 321.

"A GOLDEN DAY FOR STREET OLYMPICS"

This witty headline in the Muswell Hill Times (28/06/07) summarised our annual party very aptly.

The story is told again in pictures on our centre pages. What a great event it was and, as you will see, (back page), we had a surplus

it to the Hornsey Trust for Children with Cerebral Palsy who organise the Muswell Hill Festival each year in Cherry Tree Wood. This year

of exactly £100 at the end of the day (evened out by imaginative valuation of "stock in hand") to give to a local charity. Subject to any strong objection which may be raised we are giving

£100 to sponsor a donkey UPHILL ALL THE WAY and are hoping that some Hillfield Parker will assume the hard hat and livery of the H P Newsletter stables and storm to victory (and a beautiful

silver cup). Justin Keery took the reins last time and will do it again unless there is someone else who would like to give it a go. [Ring 020 8883 0371]

WE LOVE OUR TREES

Our avenues of newly planted trees are much admired and are doing well: this is because they are the Cockspur Hawthorn, which produces lovely red berries in the autumn and thrives on poor soil and pollution! But they do appreciate a little TLC too, so do dress their roots with petunias and put water in their funnels and mind how you go with those double-buggies!
